

## **Lakewood HOA Board**

### **Roland Galang – Bio**

Hello Lakewood neighbors. I am a happy 20+ year resident of our wonderful Lakewood community. My wife, Vivian, and I have called Lakewood and our cozy Gardenridge Hollow culdesac home for a long time. We love our neighbors, the big oak trees, our greenbelt, the beautiful natural setting with Hill Country and Bull Creek views, the convenience of local shopping...I could go on and on. I have seen lots of changes throughout Austin and have visited almost every neighborhood in ATX – and Lakewood is really special. A little bit about my background – I went to UT-Austin for graduate business school where I met my wife; then worked at a few tech start-ups and an architect firm; and now work in real estate as a realtor/broker for 18+ years running my own local residential and commercial brokerage called Skout Real Estate. Along with my love of architecture, art, design, and entrepreneurship, I love supporting local businesses, trying out as many restaurants as possible, and giving back to the community and non-profits. We are long-time supporters of UT-Austin and the Dell Medical School, along with other Austin arts and historic preservation organizations. In closing, I have experience being on several boards, including HOA Boards and non-profit advisory boards, and would offer a diverse and unique background to the Lakewood HOA – and promise to listen to all perspectives and consider all ideas. I appreciate your time and vote. Thank you.
